The Yealink UVC20 is a powerful FHD USB webcam with 5 mega-pixel full HD glass lens, omni-direction mic, Smart Light*, auto-focus, and omnidirectional rotatable lens, ensuring perfect clear video in any environment. Compatible with virtually all video conferencing software applications, it allows you to set up and run any meeting quickly.

The Yealink UVC20 provides you with a brilliant personal desktop video experience, which can be applied to remote working, open meeting scenarios, distance education, training, live streaming, and telemedicine.

1080P Full HD	Ultra HD Audio	Rotatable Lens	Built-in Lens Cap	Easy Use & Management	Smart Light

Key Features and Benefits

Smooth Video, Premium Experience

UVC20 ensures smooth experience and clear communication with premium video and audio experience. 5,000,000 pixel full HD glass lens delivers 1080P HD (1080p@30fps, 720p@30fps) video and true-to-life clarity. The built-in Omni-direction mic supports accurate voice pick up ranging up to 180°/4.9 feet, ensuring crystal-clear communication.

Smart Light

UVC20 brings truly easy, efficient, and premium video experience without the limitations of a complex environment. Smart light optimizes the image for the best even in the lowlight or backlit environment.

EPTZ Control, Rotatable Lens

Through Yealink USB Connect software, you can realize ePTZ control for UVC20. Moreover, it is easy for you to rotate the lens to quickly switch video images.

Easy Using, Quick Start-up

As a USB camera, UVC20 is plug-and-play and right for various video conferencing platforms or applications with a convenient BYOD experience. Moreover, Yealink USB Connect delivers a host for the capability to monitor usage, access the device information, conduct diagnoses, and perform firmware updates, which is time-saving and worries-free for management.

Lens Cap, Privacy Secure

The built-in lens cap is anti-lost and well protects the camera lens, conference security, and personal privacy, which is reliable and safe for personal desktop use.

*Smart Light: automatic face detection in low-light or backlit with intelligent exposure compensation on face, ensuring the correctness of the overall image.

- 1080P Full HD display
- Ultra HD audio
- Automatic exposure, intelligent adjustment
- Built-in omnidirectional microphone
- Easy using, quick start-up
- Built-in lens cap, privacy secure
